PROFESSIONAL EXPERIENCE

Front-End & WordPress Developer / Team Lead | WeDesignTech 2023 – 2026

- Delivered 20+ responsive websites for eCommerce, business, and branding clients with consistent on-time project completion.
- Built custom WordPress themes and modified existing templates based on client branding and business objectives.
- Integrated third-party plugins, APIs, payment gateways, and marketing tools to enhance website functionality.
- Optimized Core Web Vitals, page load speed, and technical SEO to improve search rankings and user retention.
- Developed high-conversion landing pages for paid campaigns, lead generation, and product promotions.
- Conducted regular website audits, bug fixes, and performance monitoring to ensure operational efficiency.
- Collaborated with UI/UX designers, marketers, and stakeholders to execute business-focused web solutions.
- Implemented mobile-first design strategies across smartphones, tablets, and desktops.
- Managed hosting environments, website migrations, domain configurations, and server troubleshooting.
- Trained junior developers and provided technical guidance on development standards and best practices.
- Improved conversion rates through checkout optimization and user journey enhancements.
- Created reusable design systems and streamlined development workflows to improve scalability.
- Maintained website security through updates, backups, malware prevention, and performance safeguards.
- Managed multiple client projects simultaneously while maintaining quality standards and deadlines.
- Supported continuous website improvements using analytics insights and client feedback.
